Warranty

If for any reason this product does not meet your needs, you may return it for a full refund. The warranty will be honored even if the product has been modified by installation. This offer is valid for a minimum of one year from the date of purchase.

VOLTSCOOTER ELECTRONICS

N Scale PCB Turnout Ties

- Ties neatly gaped and drilled.
- Compatible with Fast Tracks track jigs.
- High quality FR4 fiberglass
- Lands are pre-tinned for easy soldering.

Preparation

1. Use either a saw or diagonal cutters when freeing the ties and cutting them to length. Fiberglass will cause the tool to become dull so it is recommended that you not use your best diagonal cutter for this task.

2. Free throw bar by cutting the the sprue parallel to the length of the tie.

3. Cut the ties and the throw bar to the length required for your specific turnout.
4. Solder your turnout rails directly to the ties.
